Dear Mr. Weisberg;

Because of the unavailability of much of your work through conventional means, I have followed the instructions on the inside page of CASE OPEN. I would like to purchase the following:

WHITEWASH
WHITEWASH II
PHOTOGRAPHIC WHITEWASH
OSWALD IN NEW ORLEANS
WHITEWASH IV
POST MORTEM

I also would like NEVER AGAIN when it too is available. I recently finished CASE OPEN and was taken by the detail and analysis of the facts at hand relating to the subject. For years I have been trying to obtain a copy of OSWALD IN NEW ORLEANS: CASE FOR CONSPIRACY WITH THE CIA. I have read over forty books on the assassination as well as having done personal research on the subject. To me, Oswald's intelligence ties are more than obvious. Possibly, there is more to be learned by simply studying the information available. I don't have access to the documents you graciously made available to Mr. Posner, though I have written to several senators and the CIA itself to no avail. I am sure your work will be of great help to me, judging by the quality of CASE OPEN. I am anxiously anticipating reading your books.

SINCERELY YOURS,
Robert Paul Stohl

P.S. Don't take Mr. Posners assault on your work too seriously. I don't believe anyone that is versed on the subject takes him seriously . I know I don't. Continue your work and good health to you, sir.
